

Emerald's Permissions Clearance Flowchart

This workflow is merely an ideal scenario. In reality, there could be exceptions and allowances.

Within your manuscript, have you included any of the following that have not been specifically created for this manuscript?

Note:

¹If you are using a photo, the © may belong to the photographer/agent. If the photo includes a product or logo, permission from the relevant company will also be required. If the photo is of a specific person, permission will also be needed from the individual.
