# Engineering, Computing & Technology eJournal Portfolio

New in 2018 – Emerald’s Engineering, Computing and Technology eJournal Portfolio (ECT) combines our key journals from these fields into one essential collection.

Closely connected to industry, many titles maintain strong links to key associations and professional bodies such as the European Aeronautics Science Network (EASN), International Microelectronics Assembly and Packaging Society (IMAPS) and International Council for Research and Innovation in Building and Construction (CIB).

This comprehensive collection is home to world-class titles including:

- *Internet Research* – the first publication to use the phrase “World-Wide-Web” as coined by Sir Tim Berners-Lee
- *International Journal of Operations & Production Management* – ranked as ‘four’ in the Chartered Association of Business Schools (CABS) and received a 2016 Clarivate Analytics Impact Factor of 3.339
- *Rapid Prototyping Journal* – dedicated to 3D printing and the most highly cited journal in this new and exciting area of research
- *Engineering, Construction and Architectural Management* – a leading journal in its field with over 220,000 downloads last year.

## Key facts

**62** high quality, peer-reviewed journals

Over **44,000** articles by the end of 2018

Over **6,000** articles scheduled to publish in 2017/2018

## High quality, relevant research

**29** titles are accepted in Journal Citation Reports®\*

**31** titles are listed in Emerging Sources Citation Index \*\*

**60** titles receive a Scopus CiteScore.\*\*\*

## Inspired by our community to create impact

“The Emerald journal collection on Engineering, Computing and Technology covers the most important topics in STEM areas including logistics and supply chain, engineering and technology management, information technology, operations research in manufacturing and services, quantitative methods for performance measures and benchmarking, application of business analytics in all areas of business and industry 4.0. I am impressed about Emerald’s commitment to STEM education and research and its journal collection clearly demonstrates this.

Angappa Gunasekaran, PhD (Dean and Professor), California State University, USA

## A dedicated research platform

All of Emerald’s content is hosted on emeraldinsight.com, providing seamless access to research.

### Accessible

Supporting IP, OpenAthens and Shibboleth authentication enabling streamlined access to content.

Compliant with W3C AA guidelines making content accessible for people with disabilities.

### Integrated

Hosted on an industry-leading platform, aligned to other publisher platforms supporting integration and usability.

Integration with remote customer websites through harvesting and remote search capabilities.

### Discoverable

Citation management and reference linking features, including compatibility with EndNote, Reference Manager, RefWorks, ProCite, Zotero, Mendeley and BibTex.

Content is indexed in all major discovery services including Primo, Summon and EBSCO Discovery Service.

### Customized

Institutional administration area provides single point access to usage reports, KBART & MARC records, subscription listings and co-branding options.

Unique user profile allows registrants to tailor research by saving favourite searches, signing up for new content and citation alerts, and bookmarking favourite publications.

## Delivering a clear and simple user experience

No download restrictions

Concurrent, multi-user access

No embargoes

Searchable HTML, and PDF articles
