## Featured titles

### International Journal of Prisoner Health

Encompassing all stages of the criminal justice system in relation to physical and mental health. Content is often highly debated and contentious, for example recent coverage includes: impact of overcrowding, exercise as treatment for mental health, segregation and vitamin D deficiency and consensual sex in men's prisons.

Scopus

### Journal of Health Organization and Management

Sponsors the Health Services Research Association of Australia and New Zealand's "Three Minute Thesis" competition. 2018 coverage demonstrates how the title supports the application of research into practice: how nurses ration care, variables affecting hospital length of stay and programmes to reduce bullying in hospitals.
