# Education eBook Collection

With some of the best research in the field, our Education eBook Collection realize international developments across a variety of topical themes. Titles derive from leading scholars, based at global institutions, such as University of Michigan (USA) and Washington University in St Louis (USA).

## Key Titles

### Cutting Edge Technologies in Higher Education

Series editor: **Dr. Charles Wankel**, Professor of Management at St. John's University's Tobin College of Business (USA)

This series endeavours to assist higher educational institutions in staying on the cutting-edge of technological innovation. Now listed in Scopus, it is the most downloaded series within the Education eBook Collection. Popular content includes; **"Facebook and education: A classroom Connection?"** Volume 1 (2011).

### International Perspectives on Education and Society

Series editor: **Dr Alexander Wiseman**, Associate Professor of Comparative and International Education at Lehigh University in Pennsylvania (USA)

The mission of this book series is to provide evidence and explanations of research and its application in the field of comparative and international education. This series is also abstracted and indexed by Scopus.

**"International Perspectives on Education and Society offers high quality and thought provoking research, seriously advancing the literature in international and comparative education. Without a doubt this is must reading."**

Professor Francisco Ramirez, Stanford University (USA).

### Advances in Research on Teaching

Series Editor: **Dr Stefinee Pinnegar**, Brigham Young University (USA)

This series reports new understandings and insight about research on teaching and teacher education in terms of development, policy and methodology for studying teaching.

Volumes 14 and 15 have both won the **Narrative Research SIG Outstanding Book Award** at the American Educational Research Association.
