

CABELLS

SCHOLARLY ANALYTICS

November 8, 2021

To Whom It Concerns:

To offer our users guidance, and to support our mission of providing academics with accurate information and reputable outlets for publication, Cabells reevaluates journals and updates the data included in Journalytics on an annual basis.

The audit of the *Journal of Work-Applied Management* was completed, and this journal was found to continue to meet our criteria for inclusion. We received the updated information from the publisher on 8th November and are currently in the process of adding the information to our website. The updated acceptance rate for the last year, given to us by the publisher, is 21.8%. This information should appear on our website soon, but it is valid as of the date we received it.

Please let me know if I can be of further assistance.

Sincerely,

Kathleen Berryman
