¿Cómo busco contenido en Emerald Insight?

La función de búsqueda utiliza la potente tecnología de MarkLogics para mostrar resultados precisos de forma rápida. Los algoritmos están configurados según los criterios establecidos por el usuario para devolver los resultados más pertinentes para el término de búsqueda.

1. Puede acceder a las funciones de búsqueda rápida y avanzada desde la página de inicio de Emerald Insight.

Búsqueda rápida

emerald.com/insight

Función diseñada para devolver rápidamente los resultados iniciales en función de sus criterios de búsqueda, que también puede refinar mediante filtros.

1. Introduzca las palabras o la frase clave en el recuadro de búsqueda y haga clic en el icono de búsqueda.
2. La barra de búsqueda se mantendrá en la parte superior de la página en todo momento para que pueda realizar otra búsqueda cuando lo desee.

The screenshot illustrates the search process on the Emerald Insight website. A red box labeled '1' highlights the search bar at the top of the page, which contains the text 'Start your search here...' and a magnifying glass icon. Below the search bar, the text 'Search by title, author, keyword, ISBN, DOI and more | Advanced search' is visible. The main search results page is shown below, with a red box labeled '2' highlighting the search bar containing the text 'sustainable development'. The search results page displays 'Search results 1 - 10 of over 14000' and a list of results. The first result is an article titled 'Conclusion: how could tourism planners and policymakers overcome the barriers to sustainable tourism development in the small island developing state of North Cyprus?'. The article includes the publication date '31 May 2021' and options to view the content in HTML or PDF (294 KB). A sidebar on the right contains an 'Access' section with checkboxes for 'Only content I have access to' and 'Only Open Access', and a 'Year' section with a dropdown menu set to 'Last week (697)'.

Búsqueda avanzada

emerald.com/insight/advanced-search

A la hora de buscar algo específico, esta función le permite introducir más información a su búsqueda inicial para que reciba resultados que se ajusten más a sus criterios.

1. Seleccione "Advanced search" (Búsqueda avanzada) en la barra de búsqueda.
2. Seleccione uno o más tipos de contenido para la búsqueda.
3. Introduzca palabras o frases. Puede incluir el comodín "*". Las frases deberían escribirse entre comillas (p. ej., "aire limpio" o "legislación sobre aire limpio").
4. Limite su búsqueda seleccionando el campo en el que desea buscar (todo, título, resumen, contribuidor, DOI).
5. Haga clic en "Add row" (Añadir fila) para añadir términos de búsqueda adicionales.
6. Utilice las opciones del menú desplegable para acceder a operadores booleanos: "AND" (y), "OR" (o), "NOT" (no).
7. Limite su búsqueda aún más usando la opción "Date range" (Rango de fechas).
8. Aplique los filtros de "Access type" (Tipo de acceso) (todo el contenido, contenido al que está suscrito o de acceso abierto).
9. Haga clic en "Search" (Buscar) para ejecutar la búsqueda avanzada.

A screenshot of the "Advanced search" interface. It includes several sections:

- 2:** A row of checkboxes for content types: "All Emerald content" (checked), "Journal articles", "Book part", "Case studies", "Earlycite", and "Expert Briefings".
- 3:** A search input field with the placeholder "Enter your search terms here".
- 4:** A dropdown menu for the search field, currently set to "All fields".
- 6:** A second search row with a dropdown menu set to "AND" and a placeholder "Enter your search terms here".
- 5:** A dark teal button labeled "Add row".
- 7:** A "Date range" section with "From" and "To" fields, each containing a "Year" placeholder.
- 8:** An "Access type" dropdown menu currently set to "All content".
- 9:** A dark teal "Search" button and a "Clear" link.

Guarde sus búsquedas

Para guardar una búsqueda debe haber iniciado sesión en su perfil. La función de guardado de búsquedas resulta especialmente útil cuando los criterios de búsqueda son complejos. Esta función le permite guardar los resultados para revisarlos más tarde.

1. Puede guardar cualquier búsqueda haciendo clic en el enlace "Save this search" (Guardar esta búsqueda).
2. Las búsquedas se pueden recuperar y gestionar mediante el enlace "Saved searches" (Búsquedas guardadas) situado en la barra de navegación superior.

Resultados de la búsqueda

Todos los resultados de la búsqueda se muestran de manera estándar para que pueda ordenarlos y filtrarlos, y así encontrar el contenido que necesite de forma rápida y fácil.

1. Los resultados aparecen automáticamente por orden de pertinencia, de acuerdo con su término de búsqueda. Puede cambiar el orden de los resultados y ordenarlos por orden cronológico.
2. Número de resultados obtenidos.
3. Tipo de contenido (artículo, secciones de libro, caso práctico o informe).
4. Condición de acceso (disponible/ no disponible, acceso abierto).
5. Autor o autores.
6. Fecha de publicación.
7. Inicio del resumen.
8. Enlaces de acceso rápido (HTML, PDF, ePub, OpenURL).
9. Recuentos de descargas por artículo. Los datos se actualizan cada 24 horas.
10. Puntuación de Altmetrics (datos cualitativos a nivel de artículo).
11. Si su institución no dispone de acceso a determinados contenidos, verá este mensaje. Consulte con el personal bibliotecario por si hubiera otras opciones de acceso disponibles.

The screenshot shows the Emerald Insight search results interface. At the top, a search bar contains the query 'sustainable housing'. Below the search bar, the results are displayed in a list format. The first result is an article titled 'Evaluation of the critical success factors for sustainable housing delivery: analytic hierarchy process approach' by Ifeoluwa Benjamin Olukeye, Mukaila Bamidele Oguntaye and Abiodun Kisanlele Oyetunji, published on 23 November 2020. The second result is 'Factors influencing sustainability outcomes of housing in subtropical Australia' by Wendy Miller and Laurie Buys, published on 24 May 2013. The interface includes filters for 'Per page' (10, 20, 50) and 'Sorted by relevance'. On the right, there are sections for 'Access' (Only content I have access to, Only Open Access), 'Year' (Last week, Last month, Last 3 months, Last 6 months, Last 12 months, All dates), and 'Content type' (Article, Book part, Earlycite article, Case study, Expert briefing, Executive summary). At the bottom, a message states: 'To view the access options for this content please click here'. Numbered callouts 1 through 11 point to specific elements: 1 (Advanced search), 2 (Number of results), 3 (Content type), 4 (Access status), 5 (Author), 6 (Publication date), 7 (Start of abstract), 8 (HTML/PDF links), 9 (Download counts), 10 (Altmetrics icon), and 11 (Access options message).

Exportación de información de cita

Descargas individuales

1. Abra el contenido y haga clic en la opción "Download as .RIS" (Descargar como .RIS), situado debajo de la cita.

Descargas en masa

Puede descargar varias citas de los resultados de la búsqueda a la vez seleccionando los resultados que desee y, después, exportando las citas como corresponda.

2. Opción para mostrar 10, 20 o 50 resultados de búsqueda a la vez.
3. Marque las casillas para seleccionar qué archivos .RIS desea descargar.
4. La función de descarga se mantiene sombreada hasta que realice la selección. Cuando lo haga, el texto se pondrá en verde. Haga clic en "Download .RIS" (Descargar .RIS). A continuación, podrá guardar el archivo, abrirlo en Notepad o enviarlo directamente al software de gestión de citas (si ha descargado el complemento).

The screenshot shows the Emerald Insight search results interface. At the top, a citation is displayed: Özgüt, H. and Öztüren, A. (2021), "Conclusion: how could tourism planners and policymakers overcome the barriers to sustainable tourism development in the small island developing state of North Cyprus?", *Worldwide Hospitality and Tourism Themes*, Vol. 13 No. 4, pp. 545-552. <https://doi.org/10.1108/WHATT-03-2021-0049>. Below the citation, a button labeled "Download as .RIS" is highlighted with a red box and a circled '1'. The search results section shows "Search results 1 - 10 of over 289000". A dropdown menu for "Per page" is set to 10, with options for 10, 20, and 50, highlighted with a red box and a circled '2'. The results are sorted by relevance. Two search results are visible. The first result, "Digital project management: rapid changes define new working environments", has a checkbox selected, highlighted with a red box and a circled '3'. A "Download Ris" button is highlighted with a red box and a circled '4'. The second result, "Incorporating customer profitability analysis into quality management systems", also has a checkbox selected. On the right side, there are sections for "Access", "Year", and "Content type".

Delimite los resultados de la búsqueda

1. Utilice los comandos de la página para ver los resultados y pasar de unos a otros.

Las opciones situadas a la derecha de la pantalla le permitirán delimitar los resultados de la búsqueda.

2. Acceso

- Solo contenido al que tenga acceso mediante una suscripción o licencia de parte interesada.
- Solo contenidos de acceso abierto.

3. Año

• Puede filtrar los contenidos por fecha de publicación.

4. Tipo de contenidos (a elegir entre):

- Artículos de revistas
- Secciones de libros
- Artículos EarlyCite (publicación preliminar)
- Casos prácticos
- Expert Briefings
- Resúmenes ejecutivos
- Análisis gráficos

The screenshot shows a search results page with the following elements:

- 1:** A 'Per page' dropdown menu showing options for 10, 20, and 50 results per page.
- 2:** An 'Access' filter section with checkboxes for 'Only content I have access to' and 'Only Open Access'.
- 3:** A 'Year' filter section with a list of time periods (Last week, Last month, Last 3 months, Last 6 months, Last 12 months, All dates) and a 'Go' button.
- 4:** A 'Content type' filter section with a list of content types and their counts (Article, Book part, Earlycite article, Case study, Expert briefing, Executive summary, Graphic analysis).

The main search results area displays two articles:

- Article 1:** 'Conclusion: how could tourism planners and policymakers overcome the barriers to sustainable tourism development in the small island developing state of North Cyprus?' by Hale Özgüt and Ali Öztüren. Published 31 May 2021. Available in HTML and PDF (94 KB). 217 downloads.
- Article 2:** 'Assessment of state and tendencies of sustainable development in Lithuania'. Published 27 September 2011. Available in HTML and PDF (80 KB).

Hable con el personal bibliotecario en caso de que el contenido que necesite no aparezca disponible (es posible que haya otras opciones de acceso).

El contenido

En la página de resultados de búsqueda hay varios métodos que puede seguir para acceder al contenido.

1. Si hace clic en el título, el contenido se abrirá automáticamente en HTML.
2. Haga clic en los enlaces para ver los formatos disponibles.

The screenshot shows a search result card for a case study. At the top left, there is a green checkmark icon and the text 'Content available'. A red circle with the number '1' is positioned above the title. The title itself is 'City Developments Limited: a journey in sustainable business development' and is enclosed in a red box. To the right of the title, the publication date '19 November 2013' is displayed. Below the title, the authors 'Hwang Soo Chiat and Havovi Joshi' are listed. The abstract text reads: 'Business development, sustainable business practices, corporate social responsibility.' At the bottom of the card, there is a button labeled 'View summary and detail' with a downward arrow. On the right side of the card, there is a red circle with the number '2' above a list of available formats: 'HTML', 'PDF (378 KB)', and 'Teaching notes available'. Below this list is a button labeled 'Rights & Permissions'.

Conclusive Remarks

5 **Abstract**

Upon reviewing relevant literature, this chapter aims to give an insight into the importance and popularity of the concept of sustainable development. Accordingly, the chapter provides an insight into the evolution and development of the concept of sustainable development, its various definitions, key dimensions and fundamental indicators, with an overview of the progress on key issues that are important economically, socially and environmentally. The chapter concludes with the principles needed in order to seek sustainability and the advantages of practising it.

10 **Introduction**

In gaining profit and satisfying customers' needs, companies have been faced with great challenges in the last four decades. On the one hand, there is undisputed demographic growth with projections that the human population will increase by 50% by 2050 as compared to the 7.5 billion in 2017 (United Nations Department of Economic & Social Affairs Population Division, 2017; Worldometers, 2017). This will result in rapid production growth necessary to meet the growing needs, which, on the other hand, will result in meteoric rise in depletion of natural resources and pollution of the environment (de Sena, 2009). Taking into account that the planet has limited natural resources with unequal distribution of its consumption, and that more than half of the world's population lives in urban areas (United Nations Department of Economic & Social Affairs Population Division, 2014), there have been potential causes of tension between production growth, environmental and social issues. In such a situation, a

 3 ISSN 2045-0621
 Publication date: 1 January 2011

4 PDF (174 KB)

5 CASE TEACHING NOTES

6 Abstract
 The trend towards sustainability
 Woolworths background
 The good business journey
 Implementation
 Impact and challenges
 Conclusion

7 Case summary
 Subject area
 Sustainable development, business, government, and society.
 Study level/applicability
 The case is designed to be taught to students at MBA and MA level.
 Case overview
 In February 2009, Justin Smith, manager of the good business journey at Woolworths, a leading South African department store, was a worried man. Woolworths had launched its five-year sustainability strategy just under two years before. After undertaking an impact assessment, Smith was concerned that the original targets – which covered transformation, social development, the environment and climate change – had been set without a clear understanding of exactly what it would take to achieve them. Woolworths had recently identified ten key risk areas that impacted on the achievement of its original goals. If the sustainability goals were not reached, Woolworths could lose credibility among its shareholders, staff, and consumers. What did Woolworths need to do to ensure that it achieved its sustainability goals? And had the company been too ambitious in the targets it had set initially, he wondered?
 Expected learning outcomes
 To examine the differences, if any, between sustainable development in South Africa and other developing nations and sustainable development in developed nations; to impart an understanding of sustainability in its broadest sense; to investigate the challenges in implementing sustainability strategies in business; to look at ways of measuring the success of sustainability strategies; and to explore whether and how sustainability strategies should differ across industry sectors and across companies.
 Supplementary materials
 Teaching notes.

Significance

During last month's UN General Assembly, President Jair Bolsonaro unsuccessfully argued that his government was controlling deforestation in the Amazon region. Reports indicate that between August 2020 and July 2021, nearly 8,800 square kilometres (km2) of forest were cut down.

Impacts

- Despite stronger international pressure, the outlook for forest preservation is alarming absent a well-structured policy for Amazonia.
- Major Brazilian business sectors will face significant risks from international climate pushback without policy improvements.
- Brazil will argue for greater international assistance to offset the costs of climate mitigation policies.

Event

A new World Meteorological Organization report indicates that part of the Amazon rainforest now emits carbon rather than absorbing it, due to deforestation and fires.
